

Winnipeg was officially designated Canada's 25th Fair Trade Town

On September 29th, 2017 Winnipeg joined Gimli, Brandon and Selkirk becoming the fourth Fair Trade Town in Manitoba. To learn more about the designation and what you can do to support the fair trade movement, [click here](#).

Accessibility page added to the Tools & Resources section

In light of The Accessibility for Manitobans Act, an accessibility page has been created in the Tools & Resources section of the website. Check out our first resource, [Procurement Checklist to Support Accessibility](#) provided by Judy Redmond, Universal Design Coordinator from the City of Winnipeg.

Using EPEAT to Purchase Sustainable IT Products

The Green Electronics Council recently hosted a free half-hour webinar outlining the sustainable benefits associated with IT products bearing the EPEAT label. [Click here to view the webinar!](#)

We've been updating the Goods & Services section!

We've added and updated information in the Goods & Services section of the website! This section outlines minimum sustainable specifications to place in tender documents for a variety of goods and services. Recommended sustainable specifications now also include accessibility criteria. Check out the following pages below:

New:

- [Public Access Terminals](#)
- [Marketing and Communication Services](#)
- [Marketing Research Services](#)

Updated:

- [Carpets](#)
- [Cleaning Services](#)
- [Clothing \(Apparel\)](#)
- [Landscape Maintenance Services](#)
- [Printing Devices & Imaging Equipment](#)
- [Promotional Items](#)
